

SUSTAINABLE PROCUREMENT POLICY

We at Indo Amines Ltd. are committed to Manufacturer of Fine Chemicals, Intermediates, Specialty Chemicals and Performance Chemicals by implementing sustainable procurement policy as,

- ❖ Establishing our procurement decisions are based on best value with consideration of the environmental, social and economic impact of activities through design, material selection, manufacture, transportation, usage and disposal options.
- ❖ This policy delivers the sustainable procurement elements of our sustainability Strategy and supports our wider sustainability aspirations by working with our supply chain to adopt sustainable practices. We will work closely with our stakeholders to ensure that we:
 - ❖ Embed Zero Harm into all of our activities and that of our supply chain.
 - ❖ Derive value from a progressive approach to supply chain diversity and inclusion.
 - ❖ Consider clients and supply chain as equal partners in achieving sustainability targets.
 - ❖ Are recognized as the industry leader in managing and improving our supply chain.
 - ❖ Pay our supply chain promptly.
 - ❖ Create supply chain opportunities for local and national suppliers alike.
 - ❖ Support sustainable communities by ensuring our supply chain invests in local skill and capabilities to leave a lasting legacy from our activities.
 - ❖ Reduce direct and indirect greenhouse gas emissions across our estate and projects under our control.
 - ❖ Embed zero waste thinking in all aspects of our operations and supply chain.
 - ❖ Collaborate with our supply chain to innovate and lead in the development of low impact materials.
 - ❖ Procure materials from recognized responsible sourcing schemes where we control the specification
 - ❖ Establishing, achieving the Objectives & Targets relevant to Environment, Health & Safety, Energy, GHG, Social Accountability & Sustainability through effective leadership, commitment and involvement from Top Management, all Employees, Customers, Suppliers, Labor Contractors, Transporters, Stake Holders, all Internal/External interested parties and communities.
 - ❖ Complying to all applicable Legal and other applicable requirements related to Quality, Environment, Health, Safety, Energy, GHG, Social Accountability & Sustainability
 - ❖ Ensuring adherence by providing adequate resources, performing periodical reviews and updating the established Sustainable procurement procedure leading to achieve benchmark standards.
 - ❖ Restoring ecosystem after installation or dismantling of equipment/plant.
 - ❖ Communicating Sustainable Procurement Policy & all relevant information to all Employees, Suppliers, Labor Contractors, Transporters, Customers, Stake Holders, all external interested parties and communities

Mr. Rahul Palkar

Joint Managing Director

COMMUNICATION AND FEEDBACK:

- This policy is explained to all employees during various training programs conducted in the organization.
- Responsibility for this policy ultimately lies with the top management.
- The implementation of this policy is the collective responsibility of all employees, agents, consultants, suppliers and subcontractors.
- This policy and its associated guidance will be reviewed periodically and amended as necessary. We will measure progress against the sustainability strategy.
